

Are you looking for a high-quality Roof Tarp for your next construction project?

ABC TARPS will get you covered.

ABC TARPS have had a long association with the Building and Construction industry supplying durable and quality Polyethylene Roof Tarps throughout Australia for well over 25 years.

ABC Tarps represent an affordable alternative to traditional canvas or PVC tarps. Our **DURA-TARP™ 5000** Extra Heavy Duty Roof Tarps are a premium product, and have gained increasing popularity due to their excellent performance and OH&S benefits. These tarpulins are much lighter and easier to handle than traditional PVC and Canvas tarps.

In addition, we have a unique difference to others in the market with our Tie Down Tarps, the tie down Roof Tarp provides security and peace of mind with loops positioned on the underside of the tarp to tie down on the roof framework.

ABC Tarps have Australia's largest range of ready made tarps and BFS on the market for delivery Australia wide. Find out more on our website:
